```

Fly-virtualization - .

```
sudo tasksel --task-packages Fly-virtualization
```

A terminal window with a menu bar in Russian: 'Файл', 'Правка', 'Настройка', 'Справка'. Below the menu is a toolbar with icons for file operations and a dropdown menu showing 'ls' with a green checkmark. The terminal text shows a user running 'sudo tasksel --task-packages Fly-virtualization'. The output lists several packages: 'libvirt0', 'libvirt-daemon-system', 'qemu', and 'libvirt-daemon'. The prompt returns to 'u@smolensk:~\$'.

```
u@smolensk:~$ sudo tasksel --task-packages Fly-virtualization
